APPLICATION FOR EXEMPTION TO THE WINDOW TINT LAW

Official Code of Georgia Annotated (OCGA) Section § 40-8-73.1 prohibits the use of tinted windows with certain exceptions. One exception allows persons with a restrictive medical condition to operate or ride in a vehicle with tinted windows.

When approved by the Department of Public Safety, the approval copy of this completed document serves as authorization for exemption to the window tint law based on a restrictive medical condition. Each application must have an attestation from a person licensed to practice medicine under Chapter 34 of Title 43 or a person certified as an optometrist under Chapter 30 of Title 43.

A \$10 fee per application/household is required. All funds must be paid by either money order, certified check, or cashier's check. **No personal checks will be accepted.** Return this form along with the required fee to the Department of Public Safety, Attention: Office of Professional Standards, Window Tint, P.O. Box 1456, Atlanta, GA 30371-2303. For any questions concerning this permit, please call (404) 624-7523.

(1) No material, except as authorized by O.C.G.A. Section 40-8-73.1(c) (2)-(5), shall be attached or affixed to the front windshield of any motor vehicle which reduces the light transmission through such windshield. No material shall be attached or affixed to the windshield of any motor vehicle which increases light reflectance of such windshield.

(2) No material, except as authorized by O.C.G.A. Section 40-8-73.1(b)(2), shall be attached or affixed to the windows to the right and left of the driver of any motor vehicle which reduces the light transmission through such windows or increases light reflectance of such windows.

(3) Each person, firm, or corporation that installs or attaches any material to vehicle glass shall certify that the light transmission through such glass after installation or attachment does not reduce light transmission through such glass to less than or light reflectance to more than that authorized by O.C.G.A. Section 40-8-73.1(b)(2).

570-22-.06 Limited Exemption

(1) Any person requesting an exemption from O.C.G.A. (2) All applications must be supported by written attestation that the applicant, for medical reasons, requires shielding from the direct rays of the sun. The attestation shall include the specific medical diagnosis requiring such shielding and shall be entered upon such form as shall be provided by the Department. Such attestation shall be signed by a person licensed to practice medicine under O.C.G.A. Chapter 34 of Title 43 or by a person licensed to practice optometry under O.C.G.A. Chapter 30 of Title 43.
