AMPS First Time User Access

AMPS First Time User Access

If you have a DoD issued Common Access Card (CAC):

You must have your CAC inserted in your computer if you want AMPS to register your CAC. This will allow you to access AMPS without having to enter a username and password. In addition, your CAC information will be provisioned to applications that are CAC enabled and you will not need a username/password to access these.

Attention DLA Employees or Contractors:

This process is for Non-DLA users only. If you are a DLA employee or Contractor DO NOT continue with this registration. Your account in AMPS should have automatically been created when you joined DLA. If you reach the AMPS login screen it means that there is a problem with your DLA account or the computer that you are using to access AMPS. Ensure that you are accessing AMPS from the DLA network with your CAC. If the problem persists, contact the Help Desk at the number listed below.

Select Your User Type:

User Type	Description
<input type="button" value="Federal Agency User/Contractor"/>	Select this if you are a member of the Armed Services, a DoD civilian employee, a DoD contractor, or a member of a Federal Agency. <input type="button" value="Supplier/Vendor"/>	Click this button if you are a Supplier/Vendor with a Commercial and Government Entity (CAGE) code. A Supplier/Vendor is a person that works for a company or corporation that supplies items/parts to DLA. Supplier/Vendors are subject to a less stringent approval process.
<input type="button" value="Public"/>	Click this button if you are a user desiring to register for an account with DLA to gain access to DLA applications available to the general public. You will be required to provide a few facts about you and your organization to register and request access to DLA applications.
